

Full-time Psychiatrist Opportunity at ACUTE Center for Eating Disorders at Denver Health

The ACUTE Center for Eating Disorders at Denver Health in Denver, Colorado, the nation's original and premier medical stabilization unit for those eating disordered patients suffering from the most extreme forms of the disease, is for the first time ever recruiting a full-time psychiatrist to work on this unit. ACUTE has just moved into a brand new 30 bed ICU-type unit due the ongoing increasing demands for this unique service. The person selected for this new position will be a member of the medical staff at Denver Health with an academic appointment at the University of Colorado School of Medicine commiserate with skills and academic experience.

In addition, there is a tremendous opportunity for funded and investigator research with this extremely ill patient population. Successful candidate would be working on a multidisciplinary team, including Dr. Philip S. Mehler, Founder of ACUTE, and Dr. Margherita Mascolo, Medical Director of ACUTE.

Minimum Qualifications

Education: Graduation from an Accredited Medical School and completed Accredited Residency Programs and fellowships for specialist, or equivalent. Equivalent training for those Physicians who are not U.S. residency trained. New finishing residents generally are not expected to be Board Certified but should be Board Certified within a reasonable amount of time as determined by the office of Medical Administration.

Experience: Requirements will be determined on a position by position basis.

Knowledge, Skills & Abilities: Knowledge of and ability to apply professional medical principles, procedures and techniques. Thorough knowledge of pharmacological agents used in patient treatment. Able to effectively manage and direct medical staff support activities while providing quality medical care. Able to receive detailed information through oral communications; express or exchange ideas by verbal communications. Excellent written and verbal communications, listening, and social skills. Able to interact effectively with people of varied educational, socioeconomic and ethnic backgrounds, skill levels and value systems. Performs in a tactful and professional manner. A wide degree of creativity and latitude is expected. Relies on experience and judgment to plan and accomplish goals.
